

Accelerate Specialty Network

Access more of the specialty payer contracts you need

Accelerate Specialty Network is the Nation's first specialty-focused PSAO built to help tackle the access challenges facing community-based specialty pharmacies. By leveraging AmerisourceBergen's proven, data-driven PSAO strategy, we're able to model and negotiate beneficial payer contracts that help specialty pharmacies enhance managed care access and optimize business performance.

Accelerate helps your health system specialty pharmacy:

Proactively expand access to commercial specialty payer contracts

Decision-making anchored in a data-driven approach

- Multi-faceted contracting through agreements with local, regional, and national payers and pharmacy benefit managers

Drive pharmacy performance and maximize specialty market opportunities

Solutions and services designed to help grow revenue and improve operational efficiency

- Identify ways to optimize your business and drive incremental revenue through a combination of pharmacy data and proprietary analytic insights
- Utilize a suite of comprehensive PSAO tools to help improve reimbursement including Central Pay, reconciliation, and pre- and post-edit services

Navigate the intricacies of managed care networks

Guidance from experts with in-depth specialty experience

- Leverage a team of experts to help maintain access and manage challenges to current contracts
- Ensure performance requirements are met through aggregated data and robust analytics
- Improve reimbursement and ensure your pharmacy is capturing prescriptions available through your current contracts
